Building a House, Building Leaders for the Church

A 7-member team from AR. and LA. went to Guatemala in February to build a 3-room house for a widow with six children who helped with the construction. The women in the Church of God in AR. bought the materials for construction of the house.

After 3½ days the house was completed with a dedication on Sunday afternoon by Pastor Lopez of the Peniel Church in La Boca del Monte. The women of the mission team also held a VBS for 27 children and ten mothers who attended.

After the team left on March 6, Nicolas Perez from Peru and Leo Chavarria from AR, arrived to be with Karvin in a seminary for church leaders. Thirty-two attended the 2-day event as Nicolas and Leo led the six conferences and two evening services. On Sunday Nicolas and Leo also preached in area churches.

Karvin preached in the Peniel Church while the mission team was still in Guatemala. During the seminary he was asked to give his testimony on his missionary calling and his love for Guatemala. They expressed their gratitude for his part in helping the 30 churches get organized and affiliated with the Church of God Movement. PiM started working with only two churches in 2014.

How Important is Missions?

Consider the following statistics...

1. Over two billion people are unreached, meaning they have not heard the Gospel in their language, do not know a Christian and do not have a church in their community (Joshua Project; Barrett and Johnson 2001, 427).
2. Over 70,000 people die every day in the unreached world without Jesus (Baxter 2007, 12).
3. Professing Christians make up 33% of the world's population, but receive 53% of the world's annual income and spend 98% of it on themselves, give an average of 2.5% to the church, of that only .05% goes to missions (Barrett and Johnson 2001, 656 & Missions Statistics). The average American Christian gives only 1 penny a day to global missions. (Yohannan, Revolution in World Missions, 142)
4. The country with the fastest Christian expansion ever is China, now at 10,000 new converts every day (World Evangelization Research Center).
5. It costs Christians 700 times more money to baptize converts in rich Christian countries, than in poor unevangelized countries. (World Evangelization Research Center)
